

The Belfast Historical Society & Museum is pleased to announce the printing of the two new Belfast History and Architecture Walking Tours. The Church Street and Primrose Hill Tour and the Downtown and Waterfront Tour feature houses, churches, and commercial structures of historic and architectural interest. All of the structures are included in Belfast's Historic District, which is recognized by the National Register of Historic Places. The first self-guided walking tours were initially published more than ten years ago and were reprinted several times, a testament to the popularity of the tours. The new brochures have been completely rewritten, reformatted, and feature more sites and expanded architectural and historical information.

The tours are free, self-guided, and include easy to follow maps. Tours can be picked up at the Belfast Museum and the Belfast Area Chamber of Commerce Information Center. The Belfast Historical Society and Museum would like to thank our Sponsors: Their support made these tours possible.
